**Before acting on any information** you should consider the appropriateness of the information having regard to your objectives, financial situation and needs.

# Our Future World – How to Invest in Tomorrow, Today.

The world is changing faster than ever before .....  
because of the rise of the Fourth Industrial Revolution (4<sup>th</sup> IR).

More wealth will be created in the next decade than ever before.  
More philanthropy will be created in the next decade as well.

That **wealth** is coming from the rise of the **4th Industrial Revolution**, which is being driven by the **fusion** of the **Digital, Biological and Physical** worlds.

Three 4<sup>th</sup> IR examples of Fusion:

Digital & Bio

Physical & Digital

Bio & Physical

# Twist Bioscience

The investing world is **vast**, can be **complicated** - and take a lot of **time**.

Most people won't **explore** and **won't invest** in things they **don't understand**.

In our rapidly-changing world, there are so many incredible opportunities.

Unfortunately, many people hesitate and are then disappointed they didn't take action.
